Test for responsiveness

3.11 Classify a responsive Technical Offer as one that conforms to all the terms, conditions, and specifications of the tender documents identified in *clause 3.10 of the Conditions of Tender* without material deviation or qualification. A material deviation or qualification is one which, in the Procuring Entity's opinion, would:

- Detrimentially affect the scope, quality, or performance of the Services identified in the Contract,
- Change the Procuring Entity's or the tenderer's risks and responsibilities under the Contract, or
- Affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Non- responsive Technical Offers

3.12 Reject a non-responsive Technical Offer and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

Stage Two-Technical Evaluation of responsive Technical Offers only

3.13 (a) Only for Technical Offers that in accordance with *clause 3.10 of the Conditions of Tender* have been determined to (i) have been submitted by eligible tenderers; and (ii) be complete and responsive Technical Offers, conduct a technical evaluation to determine technical compliance with the specifications listed in the tender document. The technical evaluation criteria and sub criteria, marking of each criterion and weights and minimum qualifying mark are stated in the **Tender Data**. After concluding the Technical Evaluation, the evaluation committee shall prepare a technical evaluation report which shall be approved by the adjudicating authority. Thereafter each tenderer shall be notified of their technical results. Tenderers who have secured the minimum qualifying score shall be notified and advised of the date and time set for the public opening of Financial Offers. Technical offers that fail to secure the minimum qualifying mark and / or are declared non-responsive to the specification in the tender document shall be eliminated from further evaluation and their corresponding Financial Offers will be returned and marked unopened to the respective Tenderers after completion of the evaluation, adjudication and award process.

Financial Offer opening

3.13 (b) Only for Technical Offers that in accordance with *clause 3.13 of the Conditions of Tender* have been determined to have secured the minimum qualifying mark and are responsive to the specifications listed in the tender document, open in public the corresponding sealed Financial Offers no sooner than 10 working days after notifying the Tenderers of their Technical Score. The name of the responsive and qualified Tenderer, the Technical Score and Financial Offer amount and the duration of the contract shall be announced at the Financial Offer opening.

Stage Three -Cost Evaluation of only the Financial Offers whose corresponding Technical Offers are technically responsive and have secured the minimum qualifying mark

3.14 Only for technically responsive and qualified Technical Offers whose Financials Offers have been opened in accordance with *clause 3.13(b) of the Conditions of Tender*, conduct a cost evaluation of the Financial Offers to:

- (i) Perform price comparison in accordance with the pricing sheet, if any.
- (ii) Correct arithmetical errors.
- (iii) Where applicable, convert financial offers to a common currency; and
- (iv) Adjust Financial Offers to compensate for deviations and errors and for evaluation purposes to exclude local taxes.

Correct Arithmetical errors

3.15 Check responsive and qualified Financial Offers for arithmetical errors, correcting them in the following manner:

- Where there is a discrepancy between the amounts in figures and in words, the amount in words shall govern.
- If a schedule of quantities or schedule of prices applies and there is an error in the line item total resulting from the product of the unit price and the quantity, the unit price shall govern and the total shall be corrected.
- Where there is an error in the total of the prices, either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices, if any, will be corrected. The corrected Financial Offer amount will be communicated to the tenderer. The tenderer may not change the corrected Financial Offer amount.

3.16 Reject a tender offer if the tenderer does not accept the correction of the arithmetical errors in the manner described above.

Convert Financial Offer amounts to a common currency

3.17 Where applicable and for evaluation and comparison purposes only, convert Financial Offer amounts in multiple currencies to Botswana Pula at the Bank of Botswana ruling exchange rate at the tender closing date and time stated in *clause 2.26 of the Tender Data*.

Adjustments to the corrected Financial Offer amounts to compensate for priced deviations, errors, oversights and to exclude taxes

3.18 Adjust the corrected Financial Offer amount that, where applicable, has been converted into a common currency. Such adjustments are to take into account (a) minor deviations that

do not materially alter or depart from the characteristics, terms, conditions and other requirements set forth in the tender documents;(b) errors or oversights that are capable of being corrected without touching on the substance of the tender offer and will not constitute a material deviation as defined by Clause 3.11. Any minor deviations shall be quantified to the extent possible and appropriately taken account of in the evaluation and comparison of tender offers. For evaluation purposes only the corrected Financial Offer shall be adjusted to exclude local taxes.

Determination of a responsive tender offer's Comparative Offer

3.19 Considering *clauses 3.15, 3.16, 3.17 and 3.18 of the Conditions of Tender* for each responsive and qualified Technical and Financial Offer, determine its Comparative Offer.

Ranking of Comparative Offers and award recommendation where no preferences schemes are applicable

3.20 Where no preferences schemes are applicable, rank Comparative Offers from the least cost Comparative Offer to the highest cost Comparative Offer. Recommend the least cost Comparative Offer for the award of the contract, unless there are compelling and justifiable reasons not to do so.

Ranking of Comparative Offers and award recommendation where preferences schemes are applicable

3.21 For each responsive and qualified Technical and Financial Offer whose Comparative Offer has been determined in accordance with *clause 3.19 of the Conditions of Tender*, determine:

- (i) its eligibility for the preference(s) claimed and establish the corresponding weight(s) for the Category of preference (W_p);
 - (ii) the Evaluated Comparative Offer (E_{co}) and;
 - (iii) the ranking in the manner below:
- (a) Examine the documentation supporting the preference(s) claimed, determine the responsive tender offers' eligibility for the preference(s) claimed in respect of the categories of preference(s) stated in the **Tender Data** and establish the corresponding weight(s) for the Category of preference (W_p).
 - (b) For evaluation purposes only, determine the Evaluated Comparative Offer using the formula below:
$$E_{co} = P \times (1 - W_p)$$

Where:

E_{co} = Evaluated Comparative Offer

P = the Comparative offer under consideration

W_p = Weight for the Category of preference as specified in the **Tender Data**
 - (c) Rank Evaluated Comparative Offers from the least cost Evaluated Comparative Offer to the highest cost Evaluated Comparative Offer. Recommend the least cost Evaluated Comparative Offer for the award of the contract at its Comparative Offer amount established in *clause 3.19 of the Conditions of Tender*, unless there are compelling and justifiable reasons not to do so.
 - (d) Where two or more tender offers have the same Evaluated Comparative Offer (E_{co}), recommend* the award of the contract to the tenderer with the highest Weight for the

Category of preference (Wp), unless there are compelling and justifiable reasons not to do so.

Insurance provided by the Procuring Entity

3.22 If requested by the proposed successful tenderer, submit for the tenderer's acceptance the policies and / or certificates of insurance which the conditions of contract identified in the Contract Data, require the Procuring Entity to provide.

Acceptance of tender

3.23 Notify the successful tenderer of the Procuring Entity's acceptance of his tender offer by completing and returning one copy of the Form of Offer and Acceptance before the expiry of the validity period stated in the Tender Data, or agreed additional period.
